

New for '91! - SARAHs 40 to 45! For everyone who enjoyed SARAHs 24 to 39 last year. Also, SARAH is now distributed by Revolver & PINNACLE, as Rough Trade turned out to be complete rubbish, despite all they said, whereas PINNACLE have 100s of computers going whirr-whirr busy-busy all-day-long just for us. And Kylie. And Jason. So that's great. Of course, PINNACLE may turn out to be complete rubbish too; most people in the music-biz do, we mostly don't give them the time of day, "What's the time," they say, "3 o'clock in the morning!" we shout gleefully, and run off giggling. Anyway, we'll give it a whirl.

Another change is the surprise appearance of CDs and cassettes for recent LPs. These are actually French, shipped into the UK in the dead of night when all true pop-kids are tucked up safely in bed. Track-listing is exactly as for the vinyl versions.

Also note the HEAVENLY T-shirt has metamorphosed into butterflies. Nature is a wonderful thing. All T-shirts are one-size only, but pretty big, since you all seem to be preposterously fat. Or possibly you just share them with close friends and sympathisers of complementary build. All records are quite small by contrast, and non-machine washable. Please don't muddle them or you'll ruin your stylus and get laughed at a lot on tube-trains come summer. If you're excessively small and malnourished, you may be interested in our range of SARAH EVENING-GOWNS; these are white cotton, with a colourful design on the lower abdomen. (For prices/designs, see "T-shirts".) Please note too that the plastic bags in which T-shirts are supplied could prove injurious to small children. This effect can be enhanced in stubborn cases by enclosing in the bag a small brick.

Finally, can we point out to the more American of you that, despite Our Georgie having taken over the UN, the dollar isn't yet a universal currency and costs as much to change at our bank as it does at yours. So please, an I.M.O. or equivalent in STERLING would be lots nicer. Oh, and good luck in the war on Tuesday.
