- * - SOLD OUT (sorry)
- + - not 'til late March
- - not for a while yet

All are 7" singles except where it's blindingly obvious they're not, and all SARAH 7"s are inclined to be EPs, though 8 & 18 only have 2 songs apiece because, quite honestly, any more would just have made your poor wee heads go absolutely pop. All 7"s also feature easily removable posters in a variety of appealing designs (SARAH 12 has - a cowboy!!!) The LP is simply 16 songs from SARAHs 1 to 12 - NOTHING unreleased! And it's all distributed hither, thither and goodness knows whither by - yes! - REVOLVER DISTRIBUTION!!! - though should you be stupendously lazy, or regard The Cartel as an ideologically bankrupt anachronism, write to us, and we shall send our crack team of sturdy-limbed GPO-surplus postmen galloping roughshod over the hills and far away to lay small square packets at your adorable little feetsies before you can say "Alan McGee, he's the one for me!" for We Love You All and please don't hesitate to write back and tell us how good it all makes you feel - though all the "please oh please can you arrange it for Ric Springfield/Robert Fieldmouse/Darren Bloody Sea Urchin to come round and smear my pert little upturned body with goo" stuff from silly young impressionables will continue to be withheld on grounds of taste and jealousy and quite probably published Extremely Widely when you are getting on in Media and have good career prospects coming out of your ears. Oh yes, prices...
