leaflet no.5 - october 1996

Hullo, here's your new Tompot Blenny single, blah blah blah. Now shut up, because I've got something important to tell you. Namely that, as I write, we're in the throws of moving - yes, finally forsaking dear old Bristol for that fabled city of gold to the east (no, *not* Swindon - *further* east). Our *problem* is that, though I'm writing this on October 1st, it won't actually be going on sale till November 11th - by which time lots more things will have been decided which I don't yet know about. In short, as you read this, you know more than I do. For instance: we now have a new address and phone number; unfortunately, I don't know what they are, although YOU possibly do.

Anyway: the old PO Box address (see sleeve) is still OK, and mail will be forwarded, but only until the end of the year. After that, please ring to find out where we are! Or ring before then, if you don't want stuff delayed. Though even this isn't quite as simple as it might be, because the phone number's also changed, and again I'm bugged if I know what to. But if you ring the one below, you'll get a recorded message telling you where we've gone. Fingers-crossed.

Right - I think that covers everything. Except that if anybody wants to buy an old Hotpoint washing-machine, please let us know by the 8th, otherwise we'll leave it here. Of October.
